Thank you. Do you also have letter that came in from the governor?

Does anyone on this thread have a pdf of the incoming letter they can send me?

Thanks, and thanks Jody for the note about the RA's letter likely going out before the call. Attached is a rough draft of a background paper for the Administrator's call (still to be scheduled). Adding Kristien from the Administrator's office and Mark from OCIR in case they have any additional context for the call (e.g., did the Governor ask for it?). That will help in deciding what additional info, if any, needs to go into the attached.

Also Kristien: I talked to Janet briefly and she indicated she doesn't need to see the version that goes to the Administrator (though she would appreciate a cc)

FYI - The Governor met with Shaun McGrath and BLM's Utah State Acting Director, Jenna Whitlock and Industry in March of this year. The main topic was air quality in UB and also the NEPA approval of an EIS for Newfield's proposed ~5,700 O&G well project.

## Ex. 5 - Deliberative Process

from existing sources. The most recent NEPA approval was for Newfield's Monument Butte Oil & Gas Project with ~5,700 wells and two more are in the pipeline (EOG Resources' Greater Chapita Wells with ~2,800 wells and Crescent Point's project with

~3,000-5,000 wells).

Attached is the BLM press release announcing the issuance for Newfield's Final EIS.

Thank you. Will send a revised version back around shortly....main follow up Q will be whether there's any additional background on the Governor that's worth noting (in case everyone doesn't know, the Administrator will be talking to Gov Herbert next week...likely on Wed)
